AMUSEMENTS

"DESERT GOLD" AT THE BUTLER TODAY

You have put the spirit, the action and truth of "Desert Gold" upon the screen. My ideas, my wishes, even my hopes, have been fulfilled. This is the gist of a congratulatory letter written by that famous novelist, Zane Grey, to his director, who produced for the screen the author's most widely read story, "Desert Gold," which will be the special attraction at the Butler today. The picture is a production of the first of Zane Grey's productions to be produced in accordance with the author's own views of what the characters he created in the story should be made to do for the screen—the first to be produced under his personal supervision and the first to receive his personal approval when completed.

"There is, so far as I know, not a lie in the picture," wrote Mr. Grey. "By that I mean that the people, the scenes and the action are absolutely true to my book as I wrote it." "Desert Gold" has lost nothing in its translation from narrative English to the silent language of the screen. If anything, it has gained, for "it is the wonderful country so vividly described by Zane Grey in his book is brought before the motion picture audience on the screen. That is why it so strongly appeals to its 2,000,000 Zane Grey readers, and why it is acclaimed by all critics as one of the greatest pictures of modern times.

Added to the program will be the latest Radio News, and a "Screen Better Box," single reel film. Tomorrow, Alice Brady in "The Red-Headed Boy."

CARSON CITY DRIVE ENDED

The Great Carson club put its campaign for \$5000 "over the top" Friday. At 10 o'clock \$7300 had been subscribed and indications were that the total will be between \$5000 and \$9000. The amount collected represents a per capita subscription of \$4.50. Members of the Greater Carson club were enthusiastic over the result of the drive, which was launched with a 2000 member attendance by a delegation of 50 Reno people Monday night. The drive gives the club a membership of 450 and places it second in rank to the Reno chamber of commerce in size and resources. It is now one of the best financed organizations in the west. BOY IS BORN TO MR. AND MRS. KIND

Word was received yesterday morning of the birth at San Francisco of a boy to Mrs. L. M. Kind, wife of L. M. Kind of the Kind Clothing company. The new arrival is the second child and Mr. Kind is greeting all his acquaintances with a smile broader than usual this morning and can scarcely wait until he sees his new son. Mrs. Kind is at the home of her parents in San Francisco, and both she and the baby are reported as doing nicely.

CONSOLIDATED OIL CO. IS AGAIN DRILLING

Owing to an unexpected freeze which occurred in the Elipah oil fields last week, the pump of the Consolidated Elipah company was frozen up and put out of commission. Another pump was installed, but it was found that the engine was not of sufficient capacity to turn it over. A 4-h. p. engine was telegraphed for on Wednesday, which arrived Thursday, and was set up and is now in operation, which shows that the Consolidated management is onto the job. When the accident occurred the well had reached a depth of 103 feet and as the ground is favorable for drilling it is probable that the well is now down more than 200 feet. The management is meeting with good success in financing its undertaking and is now well prepared for steady and continuous drilling. Fly Record.

PIONEER BOOSTER AND LAWYER MOVES TO RENO

(Continued from page one)

Bullfrog boost he reached the peak of his prosperity, organizing the original Bullfrog company and being elected secretary and treasurer of it. During his first 10 years in southern Nevada he is reported to have made more than a million dollars, but the money went almost as fast as it came, for Detch was a leader in relieving all cases of distress and need of which he heard.

During his residence in Goldfield Mr. Detch was attorney for every railroad which ran into Goldfield except the Southern Pacific, and was attorney for the Senator Clark interests. Detch's activities were too many and too varied to be mentioned in full. He was active in building the first water tank and the first theatre in that camp and his bonanza there was the gathering place of many famous characters.

After removing to Tonopah Mr. Detch organized the Divide Tonopah chamber of mines for the purpose of boosting the Divide district. His departure from this city and from southern Nevada takes away one of its biggest boosters and one of its citizens whose every thought was to help develop and build up the prosperity of the state.

Churches, schools and public buildings never escaped Detch's attention, and he is mainly responsible for those things that looked to the betterment of the then wonderful Goldfield.

NEVADAN HONORED BY AMERICAN LEGION

At the election of officers of the American Legion assembled in national convention at Cleveland, Ohio, J. W. Galbraith, Jr., was selected as commander.

Among those named as vice-commanders appears the name of J. C. Serugham. As the Nevadan has taken the keenest interest in the formation of the American Legion, his mention at the national convention is a mark of appreciation which will be felt by the members in Nevada.
